

REMARKS/ARGUMENTS

In response to the Examiner's Advisory Action of January 22, 2009 issued with respect to the present RCE application, the Applicant respectfully submits the accompanying Request for Continued Examination and Amendment of the claims, and the below Remarks.

Regarding Amendment

In the Amendment:

independent claim 1 is amended to specify that the claimed printing and display device has a base unit for placement on a surface which has a receptacle for removably receiving an ink cartridge, and an arm extending between the base unit and the flat panel display unit so that the flat panel display unit is supported on the surface by the base unit, and that ink from the ink cartridge is supplied from the base unit to the printer via ink hoses in the arm. Support for this amendment can be found at paragraphs [0187]-[0188] and [0217] of the present specification; and

dependent claims 2-26 and 28-31 are unchanged.

It is respectfully submitted that the Amendment does not add any new matter to the present application.

Regarding 11

It is respectfully submitted that the subject matter of amended independent claim 1, and claims 2-26 and 28-31 dependent therefrom, is not taught or suggested by any one or more of Kashiwa, Morgavi, Saito, Minemoto, Steinfeld Rylander, because none of these cited references whether considered alone or in view of one another teach or suggest the specific arrangement of the base unit, arm, flat panel display unit and printer of the claimed invention.

It is respectfully submitted that all of the Examiner's rejections have been traversed. Accordingly, it is submitted that the present application is in condition for allowance and reconsideration of the present application is respectfully requested.

Very respectfully,

Applicant/s:
